

Kimbadanti Shaw

About Me

Engineering student with a passion for data science. Skilled in Python, R, and data analysis techniques. Internship experience applying machine learning and statistical methods. Lifelong learner committed to contributing fresh perspectives and making a meaningful impact in data-driven environments.

My Contact

- shaw08kimbadanti@gmail.com
- 9832532410
- jaipur, Rajasthan

Education Background

- University of Engineering and Management B Tech, Computer Science (AIML)
 2022-2026(Currently in 2nd year)
- Bethua dahari JCM High School Higher Secondary education 2020-2022(88%)

Projects

- Nonlinear regression analysis using FLA(Flick's Law).
- Breast Cancer classification using Neural Network.

Hard Skill

- Programming Languages: Python, SQL, Java, MATLAB, C/C++
- Data Analysis and Visualization Tools: Pandas, NumPy, SciPy, Scikit-learn, TensorFlow, Keras, PyTorch, Matplotlib, Seaborn, Plotly
- Statistical Concepts
- · Data Preprocessing and Cleaning
- Linear Regression
- Nonlinear Regression
- Clustering Algorithms
- DSA
- DAA

Soft Skill

- Communication Skills
- Problem-Solving Skills
- Multi tasking
- Excel
- Ms word
